#### **D. Other Information Required by HUD**

Use this section to provide any additional information requested by HUD.

##### **Implementation of Public Housing Resident Community Service Requirements**

The Community Service Requirements are included in the Public Housing Occupancy Plan. Tenants will be signing a lease amendment at the annual recertification or at lease-up to make community service a part of their lease and changing the lease term to year to year. Basically those having to meet this requirement will be given a list of non-profit agencies that have agreed to supply the written verification of the number of hours the tenant has volunteered. The tenant may request the Agency to consider other groups not listed. If the tenant fails to fulfill the required hours, they must submit a plan to do so. If the tenant does not follow through, the lease will not be renewed.

##### **Pet Policy**

The pet policy of the Low Rent Housing Agency of Knoxville provides for a nominal deposit of \$200 to have a pet. The policy limits the number, size, and types of pets. The policy covers safety aspects such as shots, reasonable care of the animal, and elimination of fecal material. The policy describes when an animal will be considered dangerous. Knoxville Public Housing has had a pet policy since September 21, 1999. Some minor modifications were made after the final pet policy rules were issued. There have been no significant complaints about pets since the policy was initiated.

##### **Other Information**

##### **Resident Advisory Board**

The board consisted of six people originally contacted to serve on the Resident Advisory Board. These original six were intended to represent a cross section of clients served. Four of the six were from the Section 8 or rental assistance program. There was a member from each of the two largest elderly

complexes served, a veteran, and a person with family members. The current composition of the Section 8 program is 80% elderly, disabled, and handicapped. Two families in Public Housing who were affected by changes in the Public Housing Reform Act also served.

It was decided by the Board to open the membership for the 2001 plan to anyone who would like to serve. Several responses were received, but only one person decided to join. One Section 8 tenant responded that he would like to serve on the board and his name was added.

An ad will again be placed in the local papers advertising for membership at the start of the planning process for the 2002 plan.

**Description of the Process for Residents to Serve on the Public Housing Board.**

**Resident Membership of the PHA Governing Board**

The Agency advertises for Board turnover at least annually. The Board is appointed by the Knoxville City Council. Any adult meeting the qualifications of appointment to a City Board may request appointment. There has been a resident from Public Housing on the Board since the middle 1990's. The term of appointment is two years. The current board member is Denise Hollingshead.

**Consistency with the Consolidated Plan.**

See attached certifications.

**Significant Amendments or Modifications.**

- A. With respect to the 5-year plan, a significant amendments or modifications are those that make a change to the PHA's mission, or the goals and objectives to enable the PHA to meet the needs of the families that it serves, or both.

- B. With respect to the Annual Plan, a significant amendments or modifications are those that made significant changes to information provided by the PHA in its Annual Plan. For example, the PHA's housing needs or its strategies for meeting those needs has changed substantially, or the PHA has made substantial changes to its planned use of financial resources.
- C. A Significant Amendment or Modification must be:
  - 1. Adopted by the Board of Commissioners at an open meeting
  - 2. Not be implemented until approved by HUD.

### **Progress on One and Five Year Goals**

The goal for year one in increasing the supply of elderly housing in Pella was to contact two private developers to see if they would be interested in developing an elderly low-income project. The Housing Agency contacted two different contractors. Both had experience in developing low-income projects. The housing agency both arranged and attended meetings with the Pella Community Services Director. Neither contractor proceeded further. It is very difficult to develop in Pella due to the prohibitive cost of land.

In addition, the Housing Agency also indicated it would promptly supply vouchers for any new development if vouchers were available. Shady Creek Apartments opened in Pella and the Housing Agency was able to serve all eligible applicants with vouchers.

The Housing Agency attended a Marion County Landlord Association meeting and gave a presentation on Public Housing as part of their outreach efforts to landlords.

The Housing Agency has met its goals on providing an improved living environment by continuing to do police checks on all active tenants and applicants, continuing to have a law enforcement presence at Valley View complex, and cooperating with the City on the development of a CDBG grant. Contacts from the Public Housing office resulted in Area XV Regional Planning in reversing their decision not to provide services out of their area and to offer to develop the grant.

The office continues to protect the confidentiality of applicants and provide prompt and courteous service. The office attended training on HUD issues by participating in two NAHRO conferences and attending training from HUD in Kansas City. It is anticipated the Housing Office will meet its goal of using 90% of its voucher units and funding for the fiscal year.

### **Fair Housing**

Knoxville Public Housing has all required postings clearly displayed. There are no significant minorities groups in Knoxville and it is believed that minorities are represented in accordance with an amount as might reasonably be expected for the numbers present. Elderly, disabled, and handicapped represent 67% of the total caseload so it does not appear there is any significant barrier to their participation in the program. Both the Public Housing Occupancy Plan and Administrative Plan address Fair Housing and the local office believes it is in compliance. There has never been a Fair Housing complaint of the local office.

### **Deconcentration**

The office examined the incomes of the Public Housing families. Within project 001 there is one complex with eight units and the other are scattered site housing. Ten per cent difference in incomes existed between the complex with eight units and the scattered site housing. There were no deconcentration issues to address in this project.

Project 002 improved the weighted average from 63% of project 001 to 81% of project 001. The families that had lost their primary source of income at the time of last year's survey are now employed and a higher income family transferred into the project. Skipping will continue to be used to move in higher income families.

Project 003 continued to have significantly lower income than Project 001 or 43% of the weighted average of Project 001. It is not due to placement that incomes are lower. This is due to the smaller unit size of this project. The other projects are predominately three and four bedroom units. This project consists solely of two bedroom units. These families are smaller and 75% have only one wage earner. In addition, the smaller family size also means it is more difficult where there is only one adult to hold some of the better paying jobs in the area which would require the primary adult to be gone during the hours their children would be awake.
